

Florence Barnett

February 17, 1958 - January 27, 2026

Florence Barnett, 67, of Mechanicstown, Ohio, passed away peacefully on January 27, 2026, at Aultman Hospital in Canton, Ohio.

Born on February 17, 1958, in Salem, Ohio, she was the daughter of the late Allan Everhart and Jean Nunamaker.

Florence dedicated much of her professional life to Ohi-Rail Corporation, where she played a key role in training programs for hazardous materials (Hazmat) handling and conducted bridge inspections, contributing to safety and infrastructure maintenance in the rail industry.

Those who knew her will remember Florence as tough and old-school in the best sense—resilient and straightforward—yet deeply caring at heart. She was always willing to listen without judgment and offered thoughtful guidance whenever she could, leaving a lasting impression as a steadfast friend and confidante to many.

She is survived by her loving husband, Thomas Barnett, and their children.

Per Florence's wishes, cremation has taken place, and there will be no formal services or visitation. In lieu of flowers, the family suggests remembering her through acts of kindness in the community she cherished.
