*Dear Aunt Tiny, Freddy and Rick, My thoughts have been with you since Uncle Fred's passing. I tried to see him when I was in Toronto in early 2017 but he was too ill and did not want company at that time. Luckily Ricky and my family have remained close and we love him so dearly. I do have fond memories from when Uncle Fred had a broken leg and had to stay at our house when I was a child in Toronto, Ohio. Sometimes he was as friendly as ever and other times, as grouchy as a bear. However, I remember many times when I was a preteen babysitting for Aunt Tiny (Mary Jane) and Uncle Fred in the house on Main Street in Toronto. Sadly, our family has disintegrated and no longer wants to communicate with each other. I feel so sorry for the future generations of Tarr, Jones and Ramer kids that they will never know the wonderful times we shared on the Ohio river at the Main Street house in Ohio at the Lake Worth, Florida house on Dartmouth Dr and Harvard Drive. Such great times we had there. Watching Uncle Freddie learn how to fly. A Hancock company plane was truly a joy as I know he really wanted to do that and enjoyed learning how to fly from my father Bob Jones, the executive, vice president of Hancock manufacturing company. I was so happy to hear how well he did after disassembling at the Hancock manufacturing company and going out on his own. My condolences go to you, and I hope that you can find happiness and as you are still a very beautiful, vibrant woman. Possibly in the future and we can meet up again someday and you're always welcome in my home in Deland Florida if you come that way. I guess wishes to you and your future endeavors and may you always find happiness with your children, God and other family members. If I ever get up that way, I hope to call you and that we can get together and try to remember old times. But I regret your loss as I know personally how painful it is losing a very beloved spouse.
Love and happiness always, Your niece
