

## Keith "Tiny" Alan Lowther

June 11, 1965 - February 7, 2021

Known by many as "Tiny", Keith Alan Lowther, age 55, died peacefully at home surrounded by family on February 7, 2021. He was called home to rest with the Lord after a lengthy battle with illness.

Keith was born June 11, 1965, a son of the late Bernard Lowther and late Lela Mae Melton. He graduated from Sandy Valley in 1984 and following high school attended Kent State University. He worked at Colfor Manufacturing (AAM) for 20+ years as a Maintenance Mechanic. "Tiny" was a member of the UAW Local 4199, a Journeyman Millwright, and during his many years he served briefly as an elected representative.

He took extreme pride in his three children. He was an assistant YMCA soccer coach (Harlem Springs) and assistant Cub Scout Troup Leader. He also enjoyed working on cars or anything mechanical (especially Fords), and woodworking.

Keith's sense of humor and presence will be greatly missed. We will miss your bad jokes and pranks. Watching sports on TV will never be the same without your festive couch coaching.

Keith is survived by his wife of 26 years Robin (Clemens), daughter Stephanie (23), twin sons James and Justin (16); and his brother Kenneth. He was

predeceased by his sisters, Cindy Lowther, Ruth Ann Ladrach, and Karen Lowther.

Each person's journey through life is very unique. We all experience life's ups and downs taking various paths that will eventually lead to the same destination. One thing to remember is nothing is set in stone or concrete.

The family would like to thank all those that assisted with our family's journey-- your help, compassion, and assistance is very much appreciated. Special thanks to Sharon, Richard, John, Aunt Mary, and Uncle Alan for always being there.

Many thanks to the many neighbors and friends for your thoughts and deeds, and to the Carroll County Exempted Village Schools and Staff who showed such compassion to our children during this difficult time.

Special thanks also to Dr. Haas and his staff, Carroll County Community Palliative Care, and for Carroll County Community Hospice-- all of you were able to make this journey as long and as comfortable as possible.

A private family service was held at Greenwood Cemetery.

“ I loved working with Tiny when I was a press operator before going into Qa I remember one time on 737 the main motor kept shutting off and that was when we had to cooling racks beside the presses to set parts out for the foreman to walk by and look at and Keith leaned over our parts that were just cool enough to take the red out of them and he caught his shirt on fire while leaning over the rack to look up at the motor on the press when he saw his shirt smoldering he jumped back and started beating his side and my partner asked him if he smelled bacon he was a big man and my partner was a new guy that barely ran faster than Tiny he could move when he needed to Rest in peace brother though we don't work together anymore it was great working with you in the old days at colfor we had fun back then
