“ *I was sitting with dad when he passed. He went peacefully as a deer had come up toward window. I was playing gospel music quietly and said daddy there is a deer. I looked at him and he had passed in those moments. God is good and he is in a better place.*

“ MEMORIES

When Steve and I decided to get married he wanted to do it before we went on a deer hunting trip to WV. Steve was at work. I was at home babysitting his 3 children. He left work on a coffee break and I drove the children and myself in to town. We met at the courthouse. The children stayed in the car. We went in and got married by Judge Vueklic. He went back to work and I went home with the children. Our marriage lasted 17 years.

Steve and I took a trip to California on his motorcycle. We got food poisoning at a Kentucky Fried Chicken in New Mexico and ended up in a hospital on an Indian Reservation. The trip was full of exciting and surprising events.

“ *All my life whenever i would listen to Willie Nelson sing You Were Always on my Mind ..well that song makes me think of you (and today i have listened to it on repeat)*

We all have pieces of other people in us; that kind of help make us up to be who we are. No matter what we carry those pieces with us. I will always carry a piece of you with me in my heart. I dont have a lot of memories; but I have that. I will always be your daughter and you will forever be my dad. ❤️
