“ *Susan was one of the most welcoming, selfless, and generous people I've ever met. She will always live on in mine, and many other people's memories. I think that we all can learn something from Susan, and carry a small piece of her with us to bless onto other people in our lives.*

“ *Susan was more than a co worker. She was my walking buddy, my council, my beautiful redhead, my outdoors lady, and my friend. We fed squirrels. She had deep conversations with me. We shared outdoors and how she wanted to build a tiny house or tree house on her property. I will miss her everyday. She is a part of me. Love you Susan!!!!!!*

*Sue and I used to camp out in their pop-up camper in their driveway in the summer. We also did a lot of swimming in Atwood down the hill from their house. When I was really little, I called her Tuzie. I loved playing at their house and eating lots of field corn at their dinner table in the summer. I lost touch with her as life happened, but I'm truly sorry to hear of her passing.*
