“ I remember living near the florist shop and seeing Terry at work or on his way there. I remember Terry worked out an affordable price for a wrist corsage for me for my junior prom and when we got it, he had been so generous and wanted to make it special for the neighbor girl so it had baby blue and white roses and small butterflies (and 2 or 3 loops to hold it in place) that covered my forearm nearly from wrist to elbow! It was beautiful and such a sweet gesture and I remember being so amused at a garden on my arm from the florist next door. My thoughts and condolences go out to Terry's loved ones.

“ I am not sure where to begin...

*My first memory of the Roudebusg family would be Rob Roudebush. He was a dear friend and such a BEAUTIFUL soul! We used to laugh until we cried. So many good memories cut short by the tragic loss. He is forever missed.*

*I had the great fortune of working with Terry and Barb at the Carrollton Greenhouse. I completed my college internship with them. Such loving and wonderful people! I learned so much from both of them and enjoyed hearing all the stories of family and past experiences. Such AMAZING people! Our friendship has continued through the years and many miles in between.*

*I had the pleasure of getting to know the entire family and look forward to many years of memories going forward. So grateful to be considered an adopted member of their family! Love you all beyond words ❤️*

*My son Corey Hudson was also prividged to be part of their lives. Terry, Bard and Rebecca would babysit him. We are so fortunate to have great people in our lives! I told Corey when Terry passed the he was enjoying a hug from Rob that was a long time coming! I can still hear his voice, his laughter, and feel his hugs.*

*Rest in peace. I love you always!*
